

GEMEINSAM 4 UKRAINE

This project is an initiative of Berlin to Borders e.V., aims to send humanitarian aid to Ukraine, whose inhabitants to date have been suffering from the Russian aggression.

WHY IS THIS PROJECT IMPORTANT?

The people involved in the project have witnessed the humanitarian chain that has been created and has helped thousands of people in Ukraine.

The project is nothing more than a bridge between the affected people, who are losing their families, friends, and places where they grew up in, and the solidarity Berlin community, who are donating their time, energy, talents to raise funds and other necessities requested in Ukraine.

WHO COLLABORATES WITH US?

Pomich-in.ua C.F, Nezalezhna foundation, Nebaiduzhi international C.F, the Ukrainian Dream foundation, Rage Defenders Sumy, Nadiina Sylva, Renaissance of Ukraine C.F and Hospitallers Ukraine Paramedics.

HOW DO WE MAKE AN IMPACT ON SOCIETY?

We raise awareness about the situation in Ukraine and those who fled to Berlin as a result of the full scale war.

Through our work, the volunteers, who are predominantly young and international, are able to see the situation in Ukraine in a different perspective than in the news. On a more personal level and through compassion and empathy for the affected people, we witness how acting in solidarity helps a person affected by the russian aggression to feel not ignored, but supported and hopeful.

In the same way, we witness how a chain of solidarity among the Berlin community is forming strongly, making everyone aware of the value of life and the right to live free and without fear.

WHAT ARE OUR CURRENT NEEDS?

- An office space or conference room for Berlin to borders for a bi-monthly core team coordination
- Monthly income for the G4U project expenses: around 3000 euros per month (warehouse, fuel and shipments of Humanitarian Aid, events & workshops)
- Possible Partner for Transportation

We are also looking for **volunteers** who would like to join the project and can organise charity events to raise money, in order fully fulfill our request from our ukrainian teams, or who can arrange a "donation action" at their workplace, neighborhood, etc.
